

Lucas De Melo Monteiro Peixoto

Ituiutaba – MG | lm159753456@gmail.com | [LinkedIn](#) | [GitHub](#)

Professional Summary

Computer Engineering student (7th semester) with over 1 year of professional experience in software development. Proficient in building full-stack solutions using Angular, React, Python (Flask), JavaScript (Node) and MySQL. A proactive developer with a background in hackathons (Nasa Space Apps) and competitive programming (SBC, IFTM), currently seeking opportunities to apply and expand technical expertise in innovative and challenging environments.

Professional Experience

Information Systems Programmer | Minas Têxtil.
Ituiutaba, MG, Brazil. | Sept 2024 – Feb 2026 (1 year 6 months).

Key Projects

Multi-tenant AI Chatbot SaaS

- Developed an MVP for a Software-as-a-Service (SaaS) platform featuring a hybrid data architecture and integration with Whatsapp and OpenAI APIs. Enabled multiple tenants to configure and use personalized chatbots.
- **Technologies:** JavaScript (Node.js), OCR, APIs RESTful, React, MySQL, MongoDB, Redis.

E-commerce Product Customization Engine

- Built a full-stack web application allowing users to customize products (apparel, lighting) through image uploads and text input.
- **Technologies:** Python (Flask), JWT, Angular, HTML5, CSS3, Typescript, OpenAI API, MySQL.

Technical Skills

- **Languages:** Java, Python, JavaScript
- **Frontend:** Angular, React, HTML5, CSS3.
- **Backend:** Node.js, Flask, Desenvolvimento de APIs RESTful
- **Databases:** MySQL, MongoDB, Redis.
- **Architecture & Security:** Layered Architecture, JWT, API Integration (Whatsapp & OpenAi).
- **Fundamentals:** Data Structure, Algorithms, Programming Logic.
- **Tools:** Git, GitHub, VS Code, IntelliJ IDEA.

Education

B.S in computer Engineering
Universidade do Estado de Minas Gerais (UEMG)
Expected Graduation: December 2027
